NDDoH Provides Update to the Manufacturing Facility Application

BISMARCK, N.D. – The North Dakota Department of Health (NDDoH) has received and responded to questions pertaining to the application for entities to apply for a manufacturing facility registration under the North Dakota Medical Marijuana Program.

The Division of Medical Marijuana has reviewed and provided answers to all questions that were submitted by the deadline stated in the application instructions. The question and answer document has been posted on the division’s website. In addition, the division has added two forms to the manufacturing facility application.

“The manufacturing facility application was modified to include forms that allow applicants the option to identify information related to potential employees, volunteers, and agents of the proposed manufacturing facility,” stated Jason Wahl, director of the Division of Medical Marijuana.

Revised application instructions and application forms are available on the division’s website www.ndhealth.gov/MM/. Applications will be accepted through April 19, 2018 at 4 p.m. CST.

For questions, please contact the Division of Medical Marijuana at 701.328.1311.
