

North Dakota's 2nd Public Health Nursing Conference

July 16, 2015 • Radisson Hotel, Bismarck, ND

Soaring Through Change and Reaching New Heights

Call for Abstracts

The 2015 North Dakota Public Health Nursing Conference is soliciting abstracts for break out session presentations from nurses across the state willing to share their success stories. We ask you to consider presenting your work, whether it be implementing a new program, a strategy for quality improvement within a program, a new project or practice...it could be anything. We want you to have the opportunity to exhibit work that you are proud of and a place to share your ideas. Take advantage of this great opportunity to share your knowledge with fellow colleagues.

Presentations will be in 50 minute time slots with one or two presentations per time slot. Therefore, if you have an idea, but feel that a 25 minute time slot would be more appropriate, we will pair abstracts to fill the presentation slot. All abstracts will be peer-reviewed and presenters will be contacted at the end of April per email. Scholarships are available to ND Public Health Nurses whose abstracts are accepted.

Deadline: April 1, 2015. Please return to Nikki Medalen, 500 Univ. Ave. W., Minot, ND 58707 or email nicole.medalen@minotstateu.edu. **If emailed, put PHN Conference Abstract in the subject line.**

Title of Presentation: _____

Primary Author: _____

Address: _____ City: _____ State: _____ Zip: _____

Email: _____ Phone: _____

Additional Presenters: _____

Check one: 50 minute slot _____ or 25 minute slot _____

Description (500 words or less and add second page if needed):
