

Attention all NDIIS users!

The North Dakota Immunization Information System (NDIIS) is moving. Starting Friday April 29<sup>th</sup>, the NDIIS application will no longer be accessed through Blue Cross/Blue Shield's THOR network. In order to access the immunization registry, users will need to log in through the new, separate NDIIS URL. The URL is <https://www.ndiis.org>. Please make sure to update any shortcuts or favorite links you have saved on your computer/workstation or in your electronic health record (EHR) system.

The credentials you currently use to log in to THOR will be the same username and password you will use to log in to the new NDIIS URL.

We are also excited to announce that with the new URL for the NDIIS application, changes have also been made that will allow users to access the NDIIS using Internet Explorer, Mozilla Firefox, Google Chrome and Apple Safari internet browsers. Previously the NDIIS could only be accessed using Internet Explorer.

If you need assistance with your NDIIS login (i.e. need your password reset) or you need to report a potential issue, please contact Application Support Services at 1-800-544-8467 or via email at [NDIISupport@Noridian.com](mailto:NDIISupport@Noridian.com).

Thanks,  
**Mary Woinarowicz**
