RE: Immunization Children's Activity Book

DATE: February 12, 2010

The North Dakota Department of Health (NDDoH) has created an immunization activity book for providers, schools, childcares, etc. to offer to children to teach children and their parents about the importance of immunizations. The activity book can also be used as a reward for children who are vaccinated.

Enclosed is a sample of the activity book. Also enclosed is an updated vaccine/forms order form. Copies of the activity book may be ordered using this form. Copies may also be ordered online at www.ndhealth.gov/Immunize/Providers/FormsOrder.aspx. It is also available to be printed online at www.ndhealth.gov/Immunize/.

The immunization program would like to thank Tracy K. Miller, MPH, from Disease Control for creating and designing the immunization activity book.

Please feel free to contact the NDDoH Immunization Program with any questions or concerns at 701.328.3386 or toll-free at 800.472.2180.
