Prevent WNV

Use insect repellent when outdoors

If possible, wear light-colored, long-sleeved shirts and pants

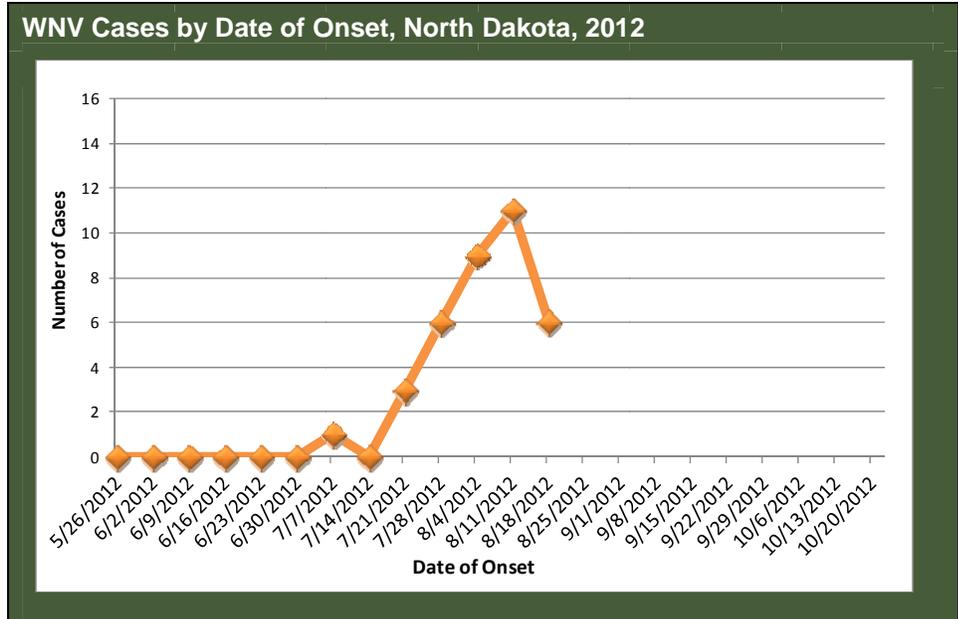

Eliminate mosquito habitat – drain sources of standing water

TOTAL REPORTED CASES

36

Asymptomatic blood donors: 17

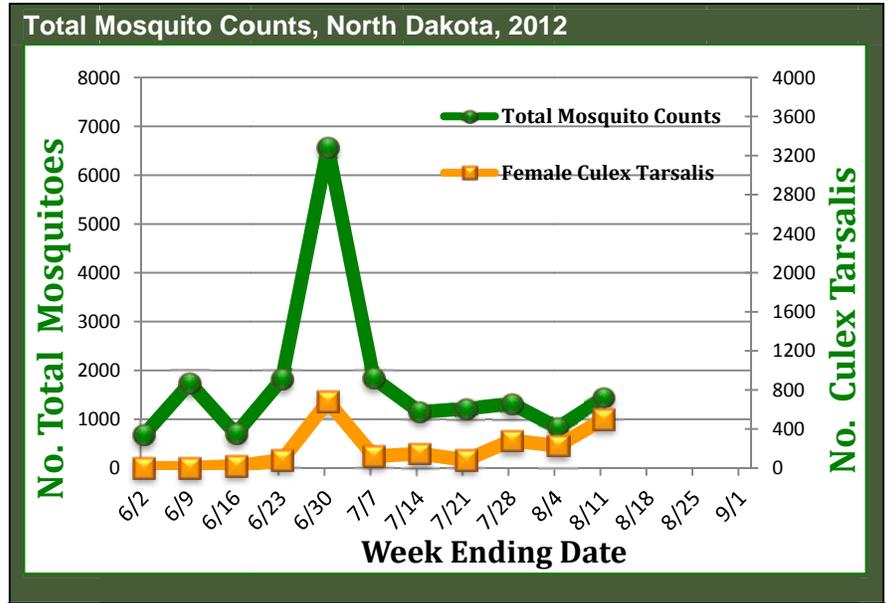

CDC
Helpful Tips

Hooked on fishing? Don't be the bait – put a little repellent in your tackle box and save the biting for the fish.

POSITIVE BIRD, HORSE, AND OTHER VET

County	Bird	Horse	Other Vet
Bottineau	0	1	0
Burleigh	1	3	0
Cass	0	1	0
Dickey	0	1	0

MOSQUITO INFORMATION

West Nile virus brochures and posters are available to order free-of-charge from the NDDoH, visit www.ndhealth.gov/wnv and go to educational materials.

CDC National Data

Figure 1. West Nile virus (WNV) activity reported to ArboNET, by state, United States, 2012 (as of August 21, 2012)

- No WNV activity
- Any WNV activity*
- WNV human disease case
- ▲ WNV presumptive viremic blood donor†

* Includes WNV human disease cases, presumptive viremic blood donors, veterinary disease cases and infections in mosquitoes, birds, and sentinel animals.

† Presumptive viremic blood donors have a positive screening test which has not necessarily been confirmed.
