

**REQUEST FOR TB MEDICATION, TESTING SOLUTION & PRINTED MATERIAL**  
**NORTH DAKOTA DEPARTMENT OF HEALTH**

SFN 51154 (rev. 9/2012)

Report positive skin-test reactions to the North Dakota Department of Health using the Tuberculin Test Registration card. The Centers for Disease Control & Prevention recommends that people with latent TB infection be treated. Refer clients with positive reactions to their physician for evaluation, chest x-ray and a prescription for medication. Your local public health unit will monitor treatment and dispense free medications provided by the North Dakota Department of Health.

The Division of Disease Control maintains a database of positive reactors. If you want to know if a client has been a previous positive reactor and/or has completed treatment for latent TB infection, please call the Division of Disease Control for assistance at 701.328.2376 or 1.800.472.2180.

PPD solution is shipped only on Monday, Tuesday and Wednesday if outdoor temperatures are suitable. Please fax your order to 701.328.2499 or mail to N.D. Department of Health, Division of Disease Control, 2635 East Main Avenue, Bismarck, ND 58506-5520.

Styrofoam coolers are property of N.D. Department of Health and must be returned within 30 days. Return postage is not provided by the Department of Health.

Skin-Testing Solution	Qty. of Vials Ordered	Qty. of Vials Sent	Lot #	Exp. Date	Date Sent
PPD 1 ml vial (10 doses)
