

A Connection Directory for Families and Agencies

Revised 2013

NORTH DAKOTA
DEPARTMENT of HEALTH

About this Directory

This directory was produced by the North Dakota Department of Health, in collaboration with the Department of Human Services, to meet the requirement of North Dakota Century Code Chapter 14-02.1, Abortion Control Act, Section 14-02.1-02.1, Printed Information – Referral Service and is available at no cost to any person, facility or hospital. To order copies of this directory, please contact:

Division of Family Health
North Dakota Department of Health
600 E. Boulevard Ave., Dept. 301
Bismarck, N.D. 58505-0200
Phone: 1.800.472.2286 press 1 or 701.328.2493
E-mail: familyhealth@nd.gov

This directory is also available on the North Dakota Department of Health's Division of Family Health website at www.ndhealth.gov/familyhealth/publications/ConnectionDirectory.pdf.

The format of this tabbed directory is to offer information that is easily accessible. Information on some services may be listed in more than one section of this directory. An index is provided in the back for an additional quick reference.

The organizations listed in the directory offer a variety of services; please contact them for more information related to the services offered. There are many organizations, state agencies, businesses and other entities that offer services to children, women and families. If you note services, which you think should be included in this directory, please call 1.800.472.2286 press 1 or 701.328.2493.

The Department of Health and Department of Human Services would like to thank Ros Norstedt, Peggy Stanton and Missy Kopp for their dedication and attention to detail when updating this directory.

This directory was supported with funding from the U.S. Department of Health and Human Services Health Resources and Services Administration, Social Security Act, Title V (Maternal and Child Health) #B04MC25362 and the Department of Health and Human Services, Administration for Children and Families, Office of Head Start, State Collaboration Office, Head Start State Collaboration Office #08CD0022/03.

October 2013

Mandated Information

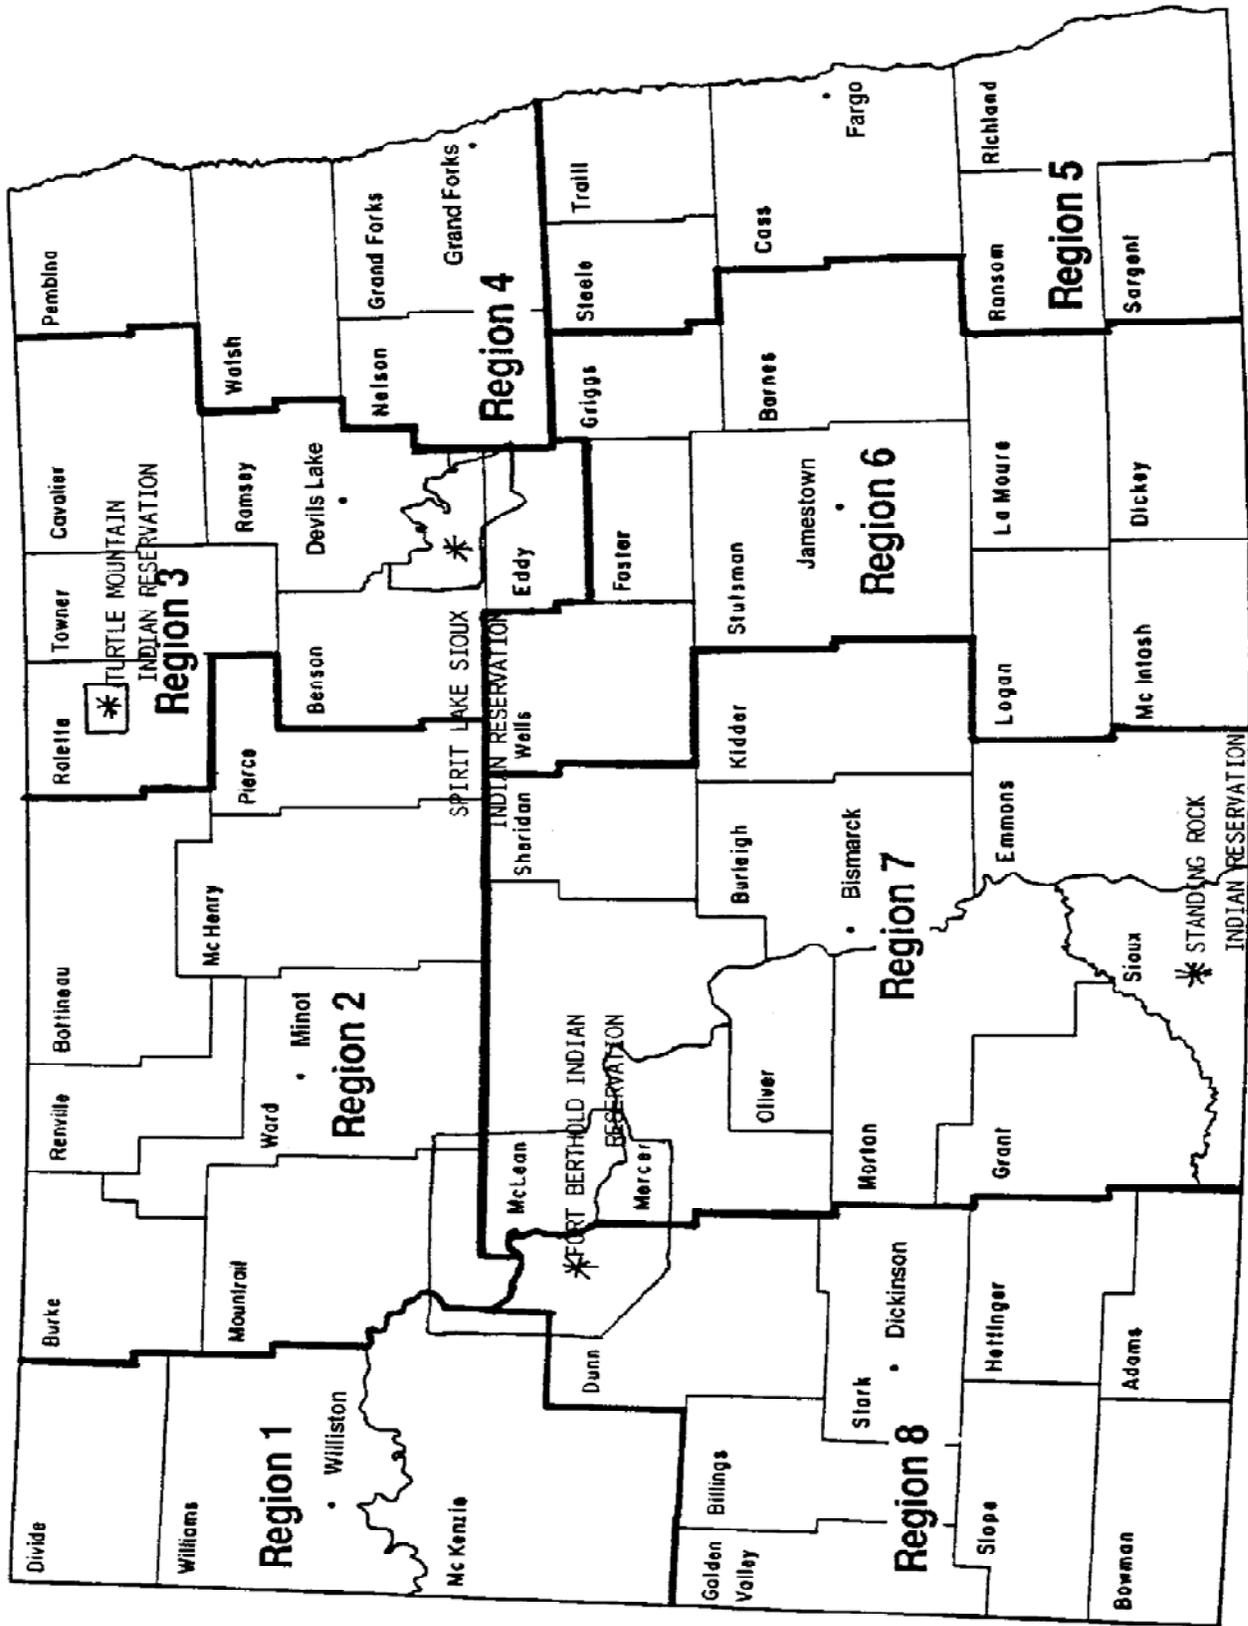

This directory is intended to give you a list of agencies, telephone, fax, toll-free numbers and websites for services offered to children, women and families.

Included in this publication is information about public and private agencies and services available to assist women during and after pregnancy, upon childbirth and while the child is dependent, including adoption agencies. North Dakota Century Code, Section 14-02.1-02.1 (1) (a) states:

- It is unlawful for any individual to coerce a woman to undergo an abortion.
- If a minor is denied financial support by the minor's parent, guardian, or custodian due to the minor's refusal to have an abortion performed, the minor is deemed to be emancipated for the purposes of eligibility for public assistance benefits, except that those benefits may not be used to obtain an abortion.
- Any physician who performs an abortion upon a woman without her informed consent may be liable to her for damages in a civil action.
- Adoptive parents are allowed to pay costs of prenatal care, childbirth and neonatal care.

There are many public and private agencies willing and able to help you to carry your child to term and to assist you and your child after your child is born, whether you choose to keep your child or to place your child for adoption. The state of North Dakota strongly urges you to contact one of more of these agencies before making a final decision about abortion. The law requires that your physician or your physician's agent give you the opportunity to call agencies like these before you undergo an abortion.

It is the policy of the state of North Dakota that childbirth is given preference, encouragement and support as it is in the best interests of the well-being and common good of North Dakota citizens.

Mission

The mission of the North Dakota Department of Health is to protect and enhance the health and safety of all North Dakotans and the environment in which we live.

The North Dakota Department of Health is committed to improving the health status of the people of North Dakota, improving access to delivery of quality health care, preserving and improving the quality of the environment, promoting a state of emergency readiness and response and achieving strategic outcomes within available resources.

Values

The North Dakota Department of Health values:

- Excellence in providing services to the citizens of North Dakota.
- Credibility in providing accurate information and appropriate services.
- Respect for our employees, coworkers, our stakeholders and the public.
- Creativity in developing solutions to address our strategic initiatives.
- Efficiency and effectiveness in achieving strategic outcomes.

The most current North Dakota Department of Health organizational chart can be viewed here:
www.ndhealth.gov/DoH/Overview/

Descriptions of selected programs within the Department of Health are included on the following pages.

Breastfeeding Support

North Dakota Department of Health
Division of Nutrition and Physical Activity
600 E. Boulevard Ave., Dept. 301
2nd Floor, Judicial Wing, State Capitol
Bismarck, N.D. 58505-0200
Telephone: 701.328.2496
Toll-Free: 1.800.472.2286
Fax: 701.328.1412
Website: www.ndhealth.gov/breastfeeding

Both babies and mothers gain many benefits from breastfeeding. Breast milk is easy to digest and contains antibodies that can protect infants from bacterial and viral infections. Research indicates that women who breastfeed may have lower rates of certain breast and ovarian cancers. It is also recognized by the Centers for Disease Control and Prevention (CDC) as a primary strategy to reduce childhood obesity.

The North Dakota Department of Health, Division of Nutrition and Physical Activity's WIC Program, Healthy Communities Program and Maternal and Child Health Nutrition Program work together to promote breastfeeding and improve support for breastfeeding in all settings.

To learn more about why breastfeeding is important, to see breastfeeding data and to learn about workplace support for breastfeeding, visit: www.ndhealth.gov/breastfeeding.

Child Passenger Safety Program

North Dakota Department of Health
Division of Injury Prevention and Control
600 E. Boulevard Ave., Dept. 301
2nd Floor, Judicial Wing, State Capitol
Bismarck, N.D. 58505-0200
Telephone: 701.328.4536
Toll-Free: 1.800.472.2286
Fax: 701.328.1412
Website: www.ndhealth.gov/injury/

As part of the Division of Injury Prevention and Control, the Child Passenger Safety Program exists to decrease injuries and death to children due to motor vehicle crash events. The program uses a variety of best practice strategies including data collection and analysis, design and development of initiatives, training and technical assistance, policy and advocacy and evaluation.

Program activities include:

- Designing educational materials and developing special campaigns.
- Promoting proper use of car safety seat and seat belts.
- Providing car safety seats to local distribution programs.
- Coordinating and conducting car safety seat checkups (call 1.800.472.2286 for car seat checkup locations and schedule).
- Providing technical assistance to professionals and consumers.
- Providing training ranging in length from four to 32 hours.

Children's Special Health Services (CSHS)

Caring for Children with Special Health Care Needs

North Dakota Department of Health
Division of Children's Special Health Services (CSHS)
600 E. Boulevard Ave., Dept. 301
2nd Floor, Judicial Wing, State Capitol
Bismarck, N.D. 58505-0200
Telephone: 701.328.2436
Toll-Free: 1.800.755.2714
TTY: 1.800.755.2714 or 1.800.366.6888
Fax: 701.328.1645
E-mail: dohcshsadm@nd.gov
Website: www.ndhealth.gov/cshs
Facebook: www.facebook.com/ndcshs

CSHS provides services for children with special health care needs and their families and promotes family-centered, community-based, coordinated services and systems of health care. Programs within the division include:

Care Coordination

CSHS supports community-based programs to help families who have children with special health care needs access services and resources. Partners include county social services and local public health.

Children with Special Health Care Needs Service System

CSHS supports initiatives that lead to a community-based system of services for all families, children and youth with special health care needs. Activities focus on screening, transition, medical home, family partnership and satisfaction, adequate insurance, and community-based service systems.

Information Resource Center

CSHS provides health-care resource information to families and service providers.

Metabolic Food

CSHS provides medical food and low-protein modified food products to individuals with phenylketonuria (PKU) and maple syrup urine disease.

Multidisciplinary Clinics

CSHS funds and administers clinics that support coordinated management of 10 different types of chronic health conditions. Clinics provide access to pediatric specialty care and enable families to see many different medical providers and health-care professionals in one place at one time.

- Asthma
- Autism
- Cardiac Care for Children Program
- Cerebral Palsy
- Cleft Lip/Palate Clinic
- Developmental Assessment
- Diabetes
- Metabolic Disorders
- Myelodysplasia (Spina Bifida)
- Neurorehabilitation

Russell-Silver Syndrome Program

CSHS pays for growth hormone treatment and medical food for individuals with Russell-Silver Syndrome.

Specialty Care Diagnostic and Treatment Program

CSHS helps families pay for medical services for eligible children, including health-care visits and tests to diagnose chronic health conditions early and specialty care needed for treatment.

State Systems Development Initiative (SSDI)

SSDI funding supports enhancements in Maternal and Child Health (MCH) data capacity and infrastructure, which is used to inform MCH programs, policy and practice. CSHS provides data about children with special health care needs and their families.

For more information, contact a county social services agency. See pages 56-59 for a complete listing of county social services agencies.

Community Health Section

North Dakota Department of Health
Community Health Section
600 E. Boulevard Ave., Dept. 301
2nd Floor, Judicial Wing, State Capitol
Bismarck, N.D. 58505-0200
Telephone: 701.328.2493
Toll-Free: 1.800.472.2286
Fax: 701.328.1412
Website: www.ndhealth.gov/CH/

The Community Health Section (CHS) is one of seven sections within the North Dakota Department of Health. The CHS is responsible for the public health of all citizens from birth to death. The section's goal is to promote health and prevent illness and disease.

Mission

The purpose of the Community Health Section is to support individuals, families and communities by providing quality programs that protect and enhance the health and safety of all North Dakotans.

To accomplish this mission, CHS staff:

- Advocate for healthy behaviors.
- Provide education, resources and services.
- Develop effective policies.
- Engage in statewide partnerships.

Division of Cancer Prevention and Control

Mission: The mission of the Division of Cancer Prevention and Control is to increase cancer prevention and awareness by engaging in partnerships, collecting and reporting data, assuring quality data, providing public and professional education, and assuring availability of quality services for screening, treatment, rehabilitation and palliative care.

Programs and services within the division include:

Behavioral Risk Factor Surveillance System (BRFSS) – Tracks health conditions and risk behaviors in the United States and North Dakota via the world's largest, ongoing telephone health survey system conducted yearly since 1984. BRFSS data is used to develop health policy, design and evaluate public health programs, monitor the health risks and health status of North Dakota residents, determine the attitudes and beliefs of North Dakotans about important health issues, and meet data needs for researchers both in the state and nationwide.

Comprehensive Cancer Prevention and Control Program – Works with the North Dakota Cancer Coalition to reduce the incidence and impact of cancer for all North Dakotans using the North Dakota Cancer Control Plan as a guide. Areas addressed include: cancer prevention by implementing strategies that encourage healthy behaviors; increasing cancer screening; addressing needs for access to cancer treatment; and, improving quality of life for cancer survivors.

Healthy People 2020 – Provides science-based, 10-year national objectives for improving the health of all Americans.

North Dakota Statewide Cancer Registry (NDSCR) – Is located on the campus of the University of North Dakota – Grand Forks and housed with the Department of Pathology in the School of Medicine and Health Sciences. The purpose of the NDSCR, established in 1997, is to collect cancer incidence, survival and mortality data to monitor cancer trends, promote research, increase survival, develop cancer education, guide policy planning for cancer prevention and screening programs and respond to cancer concerns from patients or the public. The NDSCR is a collaborative partnership between the North Dakota Department of Health and the University of North Dakota. Data provided by NDSCR is used to guide decisions for the Department of Health cancer programs.

Women’s Way (the North Dakota Breast and Cervical Cancer Early Detection Program) – Provides breast and cervical cancer screening services to North Dakota program-eligible women. The program supports collaborations with community-based organizations – including health-care providers and public health – to increase public and health-care provider education, access to care and screening services.

Division of Chronic Disease

Mission: To improve the health and quality of life for North Dakotans who have chronic diseases by promoting healthy behaviors, supporting health-care improvement measures, developing community policies and practices, and increasing disease risk awareness and by reducing the negative health and economic consequences of the state's number one cause of preventable disease and death – tobacco use.

The division accomplishes their mission by providing grants, training, community education and technical assistance to communities.

Programs and services within the division include:

Coordinated Chronic Disease Prevention Program (CCDPP) – The CCDPP is designed to build capacity to address chronic disease prevention and health promotion in a coordinated, collaborative approach to change policies, practices and environments. This will lead to improved quality of life and health outcomes and promote education and management skills for those diagnosed with or at risk for chronic diseases.

Heart Disease and Stroke Prevention – Works to improve cardiovascular health of North Dakotans by facilitating effective collaborations and partnerships, monitoring critical aspects of cardiovascular disease and developing effective strategies to reduce heart disease, stroke and related risk factors. The overarching statewide emphasis is based on the “*ABCS*” of heart disease and stroke prevention with a main focus on preventing and controlling blood pressure and reducing sodium intake using population-based strategies. The “*ABCS*” include – **a**spirin therapy, **b**lood pressure control, **c**holesterol control and **s**moking cessation. The program provides grants, training, education, resources and technical assistance to communities, health-care providers and health organizations.

North Dakota Stroke System of Care – Established to improve the overall quality of care for stroke patients, from prevention of risk factors to the final stroke outcome. It is comprised of several key components: State Stroke Registry Program including the management of the grant program for local

hospitals and aggregate registry database; department designation of hospitals as Primary Stroke Centers; implementation of statewide health communications to increase the awareness of the signs and symptoms of stroke and urgency to seek immediate medical care by calling 9-1-1; and provision of training and technical assistance to local hospitals, health-care providers and pre-hospital personnel on acute stroke care.

Stroke System of Care Task Force – Facilitates the sharing of best and promising practices to reduce duplication, identify gaps and advocate for positive policy and systems change. Provides leadership for maintaining an inclusive and coordinated statewide system of care and education that continuously improves the knowledge, diagnosis, treatment and rehabilitation of stroke patients and reduces the overall stroke risk for all North Dakota citizens. The Heart Disease and Stroke Prevention program director provides leadership for the implementation of the task force recommendations and serves on the task force as the state health officer designee.

Tobacco Cessation Services – Provides grants for cessation programs addressing pregnant women, incorporating tobacco into health-care systems and dental offices and city, county and state employee cessation programs. Also supports the statewide NDQuits cessation service for all tobacco users who want to quit. NDQuits offers assistance via several options – telephone (North Dakota Tobacco Quitline), online (North Dakota QuitNet) and via mobile devices.

Tobacco Prevention and Control Program – Provides grants, training and technical assistance for tobacco prevention and control efforts in communities including American Indian tribes.

The Goal is to reduce disease, disability and death related to tobacco use by:

- Preventing initiation among youth and young adults.
- Promoting quitting among adults and youth.
- Eliminating exposure to secondhand smoke.
- Identifying and eliminating tobacco-related disparities among specific population groups.

Tobacco Surveillance – Commissions multiple surveys designed to measure a variety of factors related to tobacco use among North Dakota citizens and assess how these factors change over time.

Division of Family Health

Mission: The Division of Family Health administers state and federal programs designed to improve the health of North Dakota families. The division provides funding, technical assistance, training, needs assessment, data, educational materials and other resources to local public health units, schools and other public and private entities that offer health services in North Dakota communities.

Programs and services administered by the division include:

Coordinated School Health – Works in conjunction with the Department of Public Instruction to address the close relationship between health and learning and provides consultation, technical assistance and resources for schools and school nurses to use in organizing and managing school health and wellness initiatives.

Cribs for Kids® Program – Provides infant safe sleep education and portable cribs to pregnant women and new mothers through partner agencies.

Family Planning Program – Provides reproductive health-care services to men and women, giving preference to low income, adolescent and women-in-need populations. Services include Pap smear, breast exam, testicular exam, infertility level-one services, pregnancy planning, a broad range of birth control methods including abstinence, sexually transmitted diseases (STD) and human immunodeficiency virus (HIV) testing, and counseling.

Fetal Alcohol Syndrome – Provides grant oversight to the University of North Dakota’s Fetal Alcohol Syndrome Center for program activities.

Maternal and Child Health (MCH)/Oral Health Epidemiology – Provides epidemiological support on all matters concerning the development, evaluation and prioritization of MCH and oral health programs.

Newborn Screening Program – Identifies infants at risk and in need of more definitive testing to diagnose and treat affected newborns. Provides regional coordination for North Dakota, South Dakota and Iowa focusing on quality assurance and education.

Optimal Pregnancy Outcome Program (OPOP) – Provides nursing, social and nutritional services to pregnant women.

Oral Health Program – Provides prevention programs, education, access, screening and consultation to address the oral health needs of North Dakotans.

- **DentaQuest Foundation** – A collaborative process with stakeholders to create “A Blueprint for Oral Health improvement in North Dakota.”
- **Donated Dental Services** – Provides grant oversight to services that provide essential dental care for disabled, elderly and medically compromised individuals who cannot afford care.
- **Healthy Smiles Fluoride Varnish Program** – Provides fluoride varnish for infants, children, adolescents and young adults to age 21 years in various settings such as local public health, Head Start, clinics and schools.
- **Seal! North Dakota** – Provides sealants to second and sixth grade students through school-based and school-linked programs to prevent dental decay in molar (back) teeth.

Sudden Infant Death Syndrome (SIDS) Program – Provides support, education and follow-up to those affected by a sudden infant death.

Title V Maternal and Child Health – Provides consultation, technical assistance and comprehensive services to improve the health, safety and well-being of mothers and children.

Women’s Health Services – Collaborates with public and private programs that provide and/or advocate for women’s health. Provides national, state and local women’s health information across the state.

Division of Injury Prevention and Control

Mission: The Division of Injury Prevention and Control is dedicated to reducing injuries to North Dakotans through leadership, education, resources and policy.

Programs and services administered by the division include:

Child Passenger Safety Program – Promotes child passenger safety activities through educational campaigns, car seat distribution programs, car safety seat checkups and trainings.

Domestic Violence/Rape Crisis – Supports programs to develop effective law enforcement and prosecution strategies to combat domestic violence, sexual assault, dating violence and stalking crimes and strengthen victim services, and partner with stakeholders to develop and implement policies, provide training and technical assistance and evaluate programs.

Injury/Violence Prevention Programs – Promotes the reduction and elimination of intentional and unintentional injuries using best practice strategies, including primary prevention theories, data collection and analysis, intervention design and development, training and technical assistance, policy advocacy and evaluation.

Suicide Prevention – Collaborates with the North Dakota Suicide Prevention Coalition to implement programs on suicide prevention and early intervention to reduce the number of attempted and completed suicides.

Division of Nutrition and Physical Activity

Mission: To support growth and development; prevent overweight and obesity; and prevent and control diabetes through programs designed to improve healthful eating and physical activity.

Programs and services within the division include:

Breastfeeding Promotion and Support – Breastfeeding is universally endorsed by the world’s health and scientific organizations as the best way of feeding infants and young children. It is also recognized by the Centers for Disease Control and Prevention (CDC) as a primary strategy to reduce childhood obesity. The Nutrition and Physical Activity Programs work together to promote breastfeeding and improve support for breastfeeding in all settings by providing leadership for the statewide breastfeeding coalition, providing technical assistance to the local breastfeeding coalitions and coordinating the infant-friendly workplace designation program.

Diabetes Prevention and Control – Supports diabetes prevention, early diagnosis and disease management by working with communities, health professionals and health systems in the areas of policy, disease management, quality improvement and education.

Healthy Communities

- *Healthy Communities Chronic Disease* is responsible for collaboration with local and statewide governmental and non-governmental agencies/organizations to build proficiency and capacity for policy, systems and environmental (PSE) changes that support health behaviors to prevent chronic disease.
- *Healthy Communities Maternal and Child Health Nutrition* promotes nutritional well-being across the lifespan for women, infants and children. By providing leadership and support to local public health nutritionists, the program encourages networking and information exchange at the local, state and national levels.

Special Supplemental Nutrition Program for Women, Infants and Children (WIC) – Offers healthy foods for proper growth and development and helps families choose healthier ways of eating. WIC is for eligible pregnant, breastfeeding and postpartum women, infants and children younger than 5 and is available in all North Dakota counties.

Worksite Wellness – The North Dakota Department of Health’s Worksite Wellness Program promotes a holistic wellness culture by providing opportunities for employees to improve their health and well-being. This position schedules plans and facilitates monthly meetings and activities in order to foster a healthier lifestyle for all of the Department of Health employees.

Healthy North Dakota

The Community Health Section is linked closely to Healthy North Dakota, which is a partnership that brings together partners and stakeholders to identify common strategies to address health issues. For more information about Healthy North Dakota, visit: www.healthynd.org.

Family Planning Program

North Dakota Department of Health
Division of Family Health
Family Planning Program

Website: www.ndhealth.gov/family-planning/

Mission

The mission of the Family Planning Program is to assist women and men to understand and take responsibility for their reproductive health through education, counseling and medical services.

Services

Family planning services are available regardless of age, gender, race, nationality, religion, sexual preference, disability or ability to pay. Participation is voluntary.

Services include:

- Physical exams for men and women.
- Education and information about all birth control methods, including abstinence and natural family planning.
- Birth control methods and referral for sterilization procedures.
- Breast, cervical and testicular cancer screening.
- Diagnosis and treatment of sexually transmitted infections.
- Preconception and life plan counseling.
- Pregnancy testing.
- Community education and outreach.
- Referrals to preventative health and social services such as primary care, nutrition services, immunizations, WIC and others.

Clinics

Family planning services are available throughout North Dakota. Clinic locations are listed on the following pages. Services and clinic hours vary dependent on the site. For more information on family planning clinics, services and hours of operation, visit: www.ndhealth.gov/familyplanning/?id=49.

Immunization Program

North Dakota Department of Health
Division of Disease Control
P.O. Box 5520
Bismarck, N.D. 58506-5520
Telephone: 701.328.2378
Toll-Free: 1.800.472.2180
E-mail: disease@nd.gov
Website: www.ndhealth.gov/immunize

The Immunization Program

- Supplies Vaccines for Children (VFC). Vaccines are provided free to enrolled public and private providers throughout the state for administration to children who are either Medicaid-eligible, American Indian, uninsured or underinsured.
- Coordinates investigations of vaccine-preventable diseases.
- Educates providers and the public about immunizations and vaccine-preventable diseases.
- Monitors North Dakota immunization rates.
- Maintains and updates the North Dakota Immunization Information System (NDIIS), a statewide database for immunizations.

The most current CDC recommended immunization schedule for children and adults can be viewed here: www.cdc.gov/vaccines/schedules/index.html.

For information about North Dakota school and child care immunization requirements and information on a variety of immunization-related topics, visit their website: www.ndhealth.gov/immunize/.

Newborn Screening Program

North Dakota Department of Health
Division of Family Health
600 E. Boulevard Ave., Dept. 301
Bismarck, N.D. 58505-0200
Telephone: 701.328.4532
Toll-Free: 1.800.472.2286
E-mail: familyhealth@nd.gov
Website: www.ndhealth.gov/newbornscreening

The Newborn Screening Program

- Identifies newborns at risk for certain genetic and metabolic disorders.
- Provides a newborn screening system and coordination of short-term follow up services.
- Refers individuals to health-care providers for long-term follow up services.
- Educates physicians, hospital staff, public health nurses and the public about newborn screening.
- Provides regional coordination for newborn screening services in North Dakota, South Dakota and Iowa.

Oral Health Program

North Dakota Department of Health
Division of Family Health
600 E. Boulevard Ave., Dept. 301
Bismarck, N.D. 58505-0200
Telephone: 701.328.4930
Toll-Free: 1.800.472.2286
Website: www.ndhealth.gov/oralhealth

The North Dakota Department of Health's Oral Health Program collaborates with other public and private agencies and organizations to develop and implement programs and policies to address the oral health needs of North Dakotans.

Mission

Improve the oral health of North Dakotans through prevention and education.

Vision

Good oral health for all North Dakotans.

Programs include:

- Community Water Fluoridation
- Healthy Smiles Fluoride Varnish Program
- Seal! ND Dental Sealant Program
- Dental Access Programs
- Donated Dental Services
- Dental Loan Repayment
- Oral Health Education
- Oral Health Coalition

Sudden Infant Death Syndrome (SIDS) Management Program

North Dakota Department of Health
Division of Family Health
SIDS Management Program
600 E. Boulevard Ave., Dept. 301
Bismarck, N.D. 58505-0200
Telephone: 701.328.2493
Toll-Free: 1.800.472.2286 (Press #1)
Website: www.ndhealth.gov/sids

The North Dakota SIDS Management Program

Sudden Infant Death Syndrome (SIDS) describes the sudden, unexplained death of an infant younger than 1.

In the belief that every child should live, North Dakota enacted legislation in 1977 that prompted the development of the North Dakota SIDS Management Program. The SIDS Management Program provides the following services:

- A system of reporting suspected SIDS cases to the North Dakota Department of Health.
- Support and counseling to families of SIDS victims.
- Distribution of SIDS information to health-care providers and the public.

Visit the North Dakota SIDS Management website for information about SIDS and safe sleep topics:
www.ndhealth.gov/sids

Tobacco Prevention and Control Program

North Dakota Department of Health
Division of Chronic Disease
600 E. Boulevard Ave., Dept. 301
2nd Floor, Judicial Wing, State Capitol
Bismarck, N.D. 58505-0200
Telephone: 701.328.2333
Toll-Free: 1.800.280.5512
Fax: 701.328.2036
Website: www.ndhealth.gov/tobacco

The goal of the Tobacco Prevention and Control Program is to reduce disease, disability and death related to tobacco use by:

- Preventing initiation among youth and young adults.
- Promoting quitting among adults and youth.
- Eliminating exposure to secondhand smoke.
- Identifying and eliminating tobacco-related disparities among specific population groups.

NDQuits is a free service for all North Dakotans who want to quit tobacco. NDQuits offers users the option of using telephone, online or mobile services. Enrollees can use one of the options or all of them in combination - whatever works for them. For help quitting smoking, or other tobacco use (including chew, snus, electronic cigarettes, etc.), contact NDQuits by calling 1.800.QUIT.NOW (1.800.784.8669) or visit www.ndhealth.gov/ndquits.

Qualified enrollees receive:

- Professional counseling and advice.
- 24/7/365 support from other quitters around the world.
- QuitTips e-mail messages and access to recorded messages that help the quit process.
- Online calculators that help tobacco users figure how much money they've saved or how many days they've added to their life.
- Free nicotine patches, gum or lozenges to help with quitting (for qualified enrollees).

WIC

Special Supplemental Nutrition Program for Women, Infants and Children

North Dakota Department of Health
Division of Nutrition and Physical Activity
600 E. Boulevard Ave., Dept. 301
2nd Floor, Judicial Wing, State Capitol
Bismarck, N.D. 58505-0200
Telephone: 701.328.2496
Toll-Free: 1.800.472.2286
Fax: 701.328.1412
Website: www.ndhealth.gov/wic/

WIC is a program available in all counties in North Dakota for pregnant and breastfeeding women, infants and children younger than age five. WIC offers healthy food for proper growth and development and helps families choose healthier ways of eating.

WIC is a federal nutrition program that offers:

- Nutrition information, counseling and support.
- Breastfeeding information and support.
- Nutritious foods.
- Health screenings.
- Referrals to other services.

To be eligible for WIC, a person must be one of the following:

- Pregnant woman
- Breastfeeding woman (up to one year after giving birth)
- New mother (up to six months after giving birth)
- Parent, guardian or caretaker who has an infant or child younger than five years of age

1. There must be a nutritional health reason or risk to participate. The WIC staff will check the woman's or her child's height, weight and iron level and ask them questions on health and diet to determine a risk.
2. The annual household income must be within WIC guidelines, which are based on gross income unless self-employed. *Note: Applicants may have a job and still meet these guidelines.*

For the most current eligibility guidelines, go to www.ndhealth.gov/wic/.

Website: www.ndhealth.gov/womensway

Need a mammogram or Pap test?

Women's Way may provide a way to pay!

What is Women's Way?

Women's Way is the North Dakota Breast and Cervical Cancer Early Detection Program. *Women's Way* may provide a way to pay for most breast and cervical cancer screenings and is available for eligible North Dakota women.

Who is eligible for Women's Way?

A woman who:

- Is a resident of North Dakota.
- Is between ages 40 through 64.
- Meets income guidelines.
- Has insurance that doesn't cover Pap tests and/or mammograms.
 - Or can't afford to pay her deductible or copayments.
 - Or doesn't have any health care coverage insurance.
- Is not enrolled in or eligible for any Medicaid programs or Medicare Part B.
- Is age 65 or older and not eligible for Medicare or cannot afford Medicare Part B.

What is available through Women's Way?

Eligible women ages 40 through 64 can receive:

- Mammograms.
- Clinical breast exams.
- Pap tests.
- Pelvic exams.

How do you find out if you qualify for Women's Way?

Enrollment in the program is easy and quick. Call your nearest *Women's Way* Local Coordinator using this toll-free number: 1.800.44.WOMEN (1.800.449.6636) or call the *Women's Way* state office at: 1.800.280.5512.

For more information, visit the *Women's Way* website at: www.ndhealth.gov/womensway.

North Dakota Local Public Health Units

Website: www.ndhealth.gov/localhd

North Dakota's public health system is made up of 28 single and multi-county local public health units (LPHUs).

North Dakota local public health units have a long history of providing personal and population based health services to residents in their city and/or county jurisdictions. The local public health infrastructure represents the capacity and expertise necessary to carry out services and programs. Therefore, the health units function differently and offer an array of services. The most common activities and services provided by local public health are child immunizations, adult immunizations, tobacco use prevention, high blood pressure screening, injury prevention screening, blood lead screening and Early and Periodic Screening Diagnosis and Treatment.

Local public health activities are financed by a combination of mill levy funding and/or city or county general funds, state aid and federal funding.

Contact a local public health unit for more information on services. Listed below are statewide public health locations:

Mission

The Department of Human Services provides quality and effective human services, which improve the lives of people.

Department's Role

Provides services that help vulnerable North Dakotans of all ages to maintain or enhance their quality of life, which may be threatened by lack of financial resources, emotional crises, disabling conditions, or an inability to protect themselves.

Supports the provision of services and care as close to home as possible to maximize each person's independence while preserving the dignity of all individuals and respecting their constitutional and civil rights.

Administers programs and policies, and provides direct services to residents through the following areas and divisions:

Core services

- Adult and Aging Services
- Children and Family Services
- Child Support
- Public Assistance Programs (heating assistance, food stamps, etc.)
- Medicaid and other Medical Services
- Mental Health and Substance Abuse Services
- Services to Individuals with Disabilities

Field Services

- 8 Human Service Centers:
 - Bismarck
 - Devils Lake
 - Dickinson
 - Fargo
 - Grand Forks
 - Jamestown
 - Minot
 - Williston
- State Hospital

Website: www.childsupportnd.com

Description

This division operates the Child Support Program, which is a joint effort of federal and state governments to secure support payments for children whose parents are not both in the home. The program provides services upon application of a custodial or noncustodial parent or upon referral from the Temporary Aid for Needy Families (TANF), Medicaid or Foster Care Programs. Its goals are threefold: 1) to ensure that children are supported by their parents, 2) to foster family responsibility, and 3) to reduce the costs of public assistance to the taxpayer. Services are available statewide and through cooperation with other states and countries, nationally and internationally.

Services

The Child Support Program provides the following services:

- Locates noncustodial parents
- Establishes paternity
- Establishes court-ordered child support and medical support obligations
- Enforces child support and medical support obligations
- Periodically reviews and adjusts child support and medical support obligations

These services are primarily provided by the eight regional child support units listed below.

Bismarck Region

Description

The public child welfare system in North Dakota is county administered and state supervised. The Department of Human Services' Children and Family Services Division is responsible for many programs and services, and sets policies and procedures for public child welfare services. Most of the state's public child welfare services are provided directly through the county social services offices. Staff at the department's eight regional human service centers serves as resources for the counties by providing program supervision and direction.

Programs and Services

- Adoption program
- Child Protection Program
- Children's Mental Health Services
- Early Childhood Services
- Family Preservation Services
- Foster Care Services
- Head Start State Collaboration Project
- Refugee Services

Description

Developmental Disabilities provides support and training to individuals and families in order to maximize community and family inclusion, independence, and self-sufficiency; to prevent institutionalization; and to enable institutionalized individuals to return to the community. To achieve this goal, Developmental Disabilities contracts with private, nonprofit, and for-profit organizations to provide an array of residential services, day services, and family support services.

Services

- Day services
- Developmental Disability Program Management
- Early Intervention Program
- Family support services
- Residential services

Fee

Fees for the different programs vary. Funding to pay for services may come from a number of sources including personal resources, Medicaid and Department of Human Services.

Early Intervention

North Dakota Early Intervention serves infants and toddlers with disabilities, developmental delays, or who are high-risk for developing delays birth to age 3. These services and supports are guided by Part C of the federal Individuals with Disabilities Education Act (IDEA). Eligibility for the program is determined through the Developmental Disability Program Management Units at each of the regional human service centers.

Every child who qualifies is part of a team, which also includes their parents or guardian, a service coordinator from the family's regional human service center and, in most cases, an infant development provider. The team develops an Individualized Family Service Plan (IFSP), which drives outcomes and services. Services are delivered in the family's home and other natural environments for that child.

North Dakota utilizes the Developmental Disabilities unit at each regional human service center to serve as the single point of entry for North Dakota's Early Intervention services. For further information regarding early intervention services in your area, you can contact your local human service center Developmental Disabilities Unit or contact the Part C Coordinator at 1.800.755.8529.

Right Track

A free program for all North Dakota children birth to age 3.

Right Track consultants can meet with people in the privacy of their own home and can provide developmental screenings, ideas on stimulating a child's development, and information and referrals to local, state and national organizations. For more information on Right Track, contact your local human service center Developmental Disabilities Unit or contact the Part C Coordinator at 1.800.755.8529.

A list of the Developmental Disabilities Regional Offices is listed on the following pages.

Developmental Disabilities Regional Offices

Region I – Williston

Northwest Human Service Center

Economic Assistance Policy Division

North Dakota Department of Human Services
Economic Assistance Policy Division
600 E. Boulevard Ave., Dept. 325
Bismarck, N.D. 58505-0250
Telephone: 701.328.2332
Toll-Free: 1.800.755.2716
N.D. Relay TTY: 1.800.366.6888
Fax: 701.328.1060
Website: www.nd.gov/dhs

Description

The Economic Assistance Policy Division administers programs that help people with low-incomes meet food, shelter, and household needs while also promoting self-sufficiency through work readiness and job placement services. These programs assist many working families to make ends meet, and also help sustain people who are elderly, have disabilities that impact their employment or wages or who are children deprived of the support of one or both parents.

The division also is responsible for the policy development, training, and distribution of economic assistance program benefits. County social services offices determine whether individuals qualify for assistance.

Programs

- Basic Care Assistance Program
- Child Care Assistance Program
- Crossroads Program for Teen Parents
- Low-Income Home Energy Assistance Program (LIHEAP)
- Supplemental Nutrition Assistance
- Temporary Assistance for Needy Families (TANF) / Job Opportunities and Basic Skills (JOBS)

Medical Services Division

North Dakota Department of Human Services
Medical Services Division
600 E. Boulevard Ave., Dept. 325
Bismarck, N.D. 58505-0250
Telephone: 701.328.2321
Toll-Free: 1.800.755.2604
N.D. Relay TTY: 1.800.366.6888
Fax: 701.328.1544
Website: <http://www.nd.gov/dhs/>

Health Tracks

North Dakota Health Tracks is a free preventive health program for children ages 0 to 21 who are eligible for Medicaid. Health Tracks pays for screenings, diagnosis and treatment services to help prevent health problems from occurring or to help keep health problems from becoming worse. Health Tracks also pays for orthodontics (teeth braces), glasses, hearing aids, vaccinations, counseling and other important health services. Health Tracks staff will help schedule appointments for services and will also help locate transportation. Some services require prior authorization, so be sure to check with your screener about these requirements. For more information or to schedule an appointment, contact your local county social services office (see pages 56-59) or local public health unit (see pages 34-38).

Healthy Steps (CHIP – Children’s Health Insurance Program)

Healthy Steps insurance is for children who:

- Do not have health insurance coverage.
- Are 18 years of age or younger.
- Do not qualify for the North Dakota Medicaid Program.
- Live in families with qualifying incomes.

To learn more about Healthy Steps, call toll-free 1.877.KIDS.NOW (1.877.543.7669).

Medicaid

N.D. Medicaid was authorized in 1966 for the purpose of extending medical care and services to people whose resources are limited. Medicaid pays for health services for qualifying families with children, women who are pregnant, as well as the elderly and individuals who are disabled. Medicaid provides coverage to:

- Children in foster care or subsidized adoption.
- Children with disabilities (birth to 19).
- Other children up to age 21.
- Pregnant women.
- Women with breast or cervical cancer.
- Parents or caretakers of deprived children.
- Workers with disabilities.
- Other blind and disabled individuals.
- Individuals age 65 or older.
- Low-income Medicare beneficiaries (Medicare Savings Programs).

Services

Services covered by Medicaid include in-patient and out-patient hospital services, nursing facility care, clinic and rural health clinic services, hospice, physician services, prescription drugs, chiropractic services, Health Tracks, home health, durable medical equipment and supplies, dental, family planning, sterilization, podiatry, mental health, ambulance, transportation, vision, therapies, home and community-based services and rehabilitative services.

NOTE: This is a general listing; some services have limitations and/or restrictions. You may contact your local county social services office (see pages 56-59) if you need help with individual services.

Mental Health and Substance Abuse Services Division

North Dakota Department of Human Services
Mental Health and Substance Abuse Services Division
Mental Health Unit Ste. #1C
Prevention Center Ste. #1D
1237 W. Divide Ave.
Bismarck, N.D. 58501-1208
Telephone: 701.328.8920 (Mental Health Unit)
Toll-Free: 1.800.755.2719 (Mental Health Unit)
Prevention and Media Center Toll-Free: 1.800.642.6744 or www.nd.gov/prevention
Website: www.nd.gov/dhs

Description

The Mental Health and Substance Abuse Services Division promotes the use of best practices and ensures quality care through the service delivery system for those who have struggled or are struggling with mental health and/or addiction disorders.

This division is the single state authority responsible for overseeing a statewide network of substance abuse and mental health treatment, recovery support services, mental health promotion, and substance abuse prevention services. This translates into licensing, training, development and implementation of appropriate mental health and substance abuse services throughout the state.

The division writes grants for mental health, substance abuse treatment and substance use prevention, and homelessness, and monitors the grant activities for compliance, and reports on challenges, accomplishments, and client and program outcomes.

The division manages the traumatic brain injury (TBI) efforts, community-based high risk sex offender treatment, problem gambling treatment, the contract for long-term residential treatment services for individuals addicted to methamphetamine and other controlled substances, and licenses psychiatric residential treatment centers and regional human service centers.

Lastly, the division offers prevention specialist services to targeted communities, implements population-focused prevention strategies, and offers a clearinghouse of prevention materials regarding substance abuse.

Vocational Rehabilitation Division

North Dakota Department of Human Services
Vocational Rehabilitation Division
1237 W. Divide Ave., Ste. 1B
Bismarck, N.D. 58501-1208
Telephone: 701.328.8950
Toll-Free: 1.800.755.2745
TTY: 701.328.8968
Website: www.nd.gov/dhs/

Description

The primary mission of the Division of Vocational Rehabilitation is to assist North Dakotans with disabilities to improve their employment opportunities and to assist North Dakota businesses in finding solutions to their disability-related issues.

Services include (but are not limited to):

- Adaptive equipment
- Diagnosis and evaluation
- Employment maintenance
- Information and referral
- Job placement and follow-up
- Physical and mental restoration services
- Transportation
- Vocational counseling and planning
- Vocational training including supported employment

Individuals can access these services through vocational rehabilitation counselors located at the at the department's eight regional human service centers. See pages 61-63 for contact information.

County Social Services

Website: www.nd.gov/dhs

County social services offices provide: Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF), heating assistance, Medicaid, children's health services, basic care assistance, child care assistance, home and community-based services and support for elderly and disabled individuals, personal care assistance, child welfare (foster care, child protection services, child care licensing and related services) and referrals to other local resources and programs.

Regional Human Service Centers

Description

The North Dakota Department of Human Services' eight regional human service centers provide an array of community-based services, either directly or through contracts with providers. They are the access point for State Hospital admissions. Human service center employees also provide direction and oversight for services offered through county social services offices and other providers. **Crisis lines are answered 24 hours per day, seven days a week.** Face-to-face assessments are made for all consumers.

Services

- Addiction Evaluation and Treatment
- Child Welfare Services
- Crisis and Outreach Services
- Crisis Mobile Team (Southeast Region)
- Developmental Disability Services
- Mental Health Services
- Other Human Services
 - Aging Services
 - Vocational Rehabilitation
- Vulnerable Adult Protective Services

Center locations are listed on the following pages.

The North Dakota Department of Human Services operates eight regional human service centers. Each serves a designated multi-county area, providing counseling and mental health services, substance abuse treatment, disability services and other human services.

The eight regional human service centers provide an array of community-based services, either directly or through contracts with providers. The human service centers are the access point for State Hospital admissions. *Crisis lines are answered 24 hours per day, seven days a week.* Face-to-face assessments are made for all consumers.

Following is a summary of the core services provided by the human service centers for all eight regions (this list is not intended to be inclusive).

- 24-hour emergency service
- Addiction evaluation
- Addiction services (individual, family and group therapies)
- Behavior assessment
- Behavior intervention
- Case aide
- Child welfare services
- Client/parent education
- Crisis care
- Developmental disability targeted case management
- Family therapy
- Family therapy – intensive
- Group therapy
- Individual therapy
- Infant development
- Information and referral
- Intake
- Intellectual – developmental disability case management
- Medication review
- Nursing services
- Partnerships – Social Emotionally Disturbed (SED) care coordination
- Prevention/public information
- Psychiatric evaluation
- Psychological clinical interview
- Psychological testing
- Right track evaluation (SEHSC)
- Vocational Rehabilitation Services

A parent-run organization focused on the needs of children and youth with emotional, behavioral or mental disorders and their families helping families by providing support, advocacy and education.

Mission

- To provide leadership in the field of children's mental health.
- To address the unique needs of children and youth with emotional, behavioral or mental disorders from birth through transition to adulthood.
- To ensure the rights to full citizenship, support access to community-based services for all children with emotional, behavioral or mental disorders and their families.
- To provide information and engage in advocacy regarding research, prevention, early intervention, family support, education, transition services and other services needed by these children and their families.

Suicide Prevention

North Dakota Department of Health
Suicide Prevention Program
600 E. Boulevard Ave., Dept. 301
Bismarck, N.D. 58505
Telephone: 701.328.4580
Fax: 701.328.1412
Website: www.ndhealth.gov/suicideprevention

The focus of the Suicide Prevention Program is education on warning signs and symptoms of suicide and how to get help for people who may be suicidal, developing a systems approach to suicide prevention within organizations, and affecting suicide prevention policy.

National Suicide Prevention Lifeline

Dial [1.800.273.TALK \(8255\)](tel:1800273TALK) whether you are thinking about suicide, are worried about a friend, or need emotional support, there are many reasons to call the Lifeline. When you call the National Suicide Prevention Lifeline, you will be helped by a skilled, trained crisis worker who will listen to your problems and will tell you about mental health services in your area. Your call is confidential and free.

Facebook: www.facebook.com/ndcshs

CSHS provides services for children with special health care needs and their families and promotes family-centered, community-based, coordinated services and systems of health care. Programs within the division include:

Specialty Care Diagnostic and Treatment Program

CSHS helps families pay for medical services for eligible children, including health-care visits and tests to diagnose chronic health conditions early and specialty care needed for treatment.

Multidisciplinary Clinics

CSHS funds and administers clinics that support coordinated management of ten different types of chronic health conditions. Clinics provide access to pediatric specialty care and enable families to see many different medical providers and health-care professionals in one place at one time.

- Asthma
- Autism
- Cardiac Care for Children Program
- Cerebral Palsy
- Cleft Lip/Palate Clinic
- Developmental Assessment
- Diabetes
- Metabolic Disorders
- Myelodysplasia (Spina Bifida)
- Neurorehabilitation

Care Coordination

CSHS supports community-based programs to help families who have children with special health care needs access services and resources. Partners include county social services and local public health.

Metabolic Food

CSHS provides medical food and low-protein modified food products to individuals with phenylketonuria (PKU) and maple syrup urine disease.

Information Resource Center

CSHS provides health care resource information to families and service providers.

State Systems Development Initiative (SSDI)

SSDI funding supports enhancements in Maternal and Child Health (MCH) data capacity and infrastructure, which is used to inform MCH programs, policy and practice. CSHS provides data about children with special health care needs and their families.

Russell-Silver Syndrome Program

CSHS pays for growth hormone treatment and medical food for individuals with Russell-Silver Syndrome.

Children with Special Health Care Needs Service System

CSHS supports initiatives that lead to a community-based system of services for all families, children and youth with special health care needs. Activities focus on screening, transition, medical home, family partnership and satisfaction, adequate insurance, and community-based service systems.

For more information, contact a county social services agency. See pages 56-59 for a complete listing of county social services agencies.

Council on Abused Women's Services (CAWS) North Dakota

The mission of CAWS North Dakota is to provide leadership and support in the identification, intervention and prevention of domestic and sexual violence. Core services provided by their 21 member programs include:

- **Crisis Line Services** – Responding to victims of domestic violence and sexual assault as needs arise on a 24-hour on call basis via telephone.
- **Crisis Response/Emotional Support** – In-person crisis intervention, emotional support, and guidance and counseling, provided by advocates, counselors, mental health professionals or peers.
- **Criminal Justice Advocacy** – Support, assistance, and advocacy provided to victims at any stage of the criminal justice process, to include post-sentencing services and support.
- **Protection Order Assistance** – Assistance provided in obtaining protection orders.
- **Emergency Shelter/Safe Home Services** – Offering short-term housing (maximum of one month) and related support services to victims and families following victimization.

The FACE program offers both home-based and center-based services to enrolled families. Home-based services have parent educators who provide parents with support in their role as their child's first and most influential teacher. Center-based services include adult education, early childhood education, parent and child together (PACT) time, and parent time.

Healthy Families (Lutheran Social Services)

1616 Capital Way
Bismarck, N.D. 58501
Telephone: 701.223.1510
Website: www.lssnd.org/children-families/healthy-families

Healthy Families is a free, voluntary family support service that helps expectant and new parents create a healthy, nurturing home for their new baby. It is an evidence-based nationally recognized home visiting program model designed to work with overburdened at-risk families from prenatal until the child turns 3. The goal of Healthy Families is to make it possible for all children to grow up in a safe, healthy and nurturing environment.

Expectant parents and parents of newborns living in Grand Forks, Nelson, Burleigh, Morton, Rolette and Ramsey counties of North Dakota are eligible to participate in the Healthy Families program. It is a primary prevention home visiting program that serves families who may have a history of, or are currently experiencing, such things as childhood trauma, intimate partner violence, mental health and/or substance abuse issues, lack of family supports, homelessness and economic stress, or any other events that may pose a challenge to expectant or new parents. Referrals to Healthy Families are made prenatal or within two weeks of birth. Referrals can be made by medical providers, social services, school counselors, or anyone else supporting expectant parents or parents of newborns.

Healthy Start

Northern Plains Healthy Start is committed to the mission of promoting healthy families and improving birth outcomes for Native American women by providing Targeted Case Management Services. They provide a culturally relevant program that empowers individuals to make better health-care choices.

Fargo Cass Nurse-Family Partnership Program

Fargo Cass Public Health
401 3rd Ave. N.
Fargo, N.D. 58102
Telephone: 701.241.1369
E-mail: lwohler@cityoffargo.com

Nurse-Family Partnership (NFP) is an evidenced-based free nurse home visitation program. Any woman/teen who is pregnant with her first child, meets income requirements (Medicaid or WIC eligible), and lives in Cass County is eligible to enroll in the NFP Program (must be enrolled before her 28th week of pregnancy). The NFP Program provides a registered nurse to visit the client in her home throughout her pregnancy and continues with visits until her child is 2 years old.

Caring for a person with a disability or special needs is a large responsibility for a family, but families don't have to care for their family member alone. Easter Seals Goodwill ND, Inc. can help. This statewide organization offers a wide range of programs and services with certified and trained support staff that can provide both personal care and medical services for people with disabilities or other special needs who are living at home and who, with some help, can remain there. For over 60 years, their professional support team has been providing quality support for children, adults and families.

Family Voices of North Dakota (FVND) is the Family to Family Health Information and Education Center for North Dakota and the North Dakota Parent to Parent Program. FVND is the Family Voices State Affiliate Organization. They aim to achieve family-centered care for all children and youth with special health care needs and/or disabilities. Through this national network, Family Voices provides families tools to make informed decisions, advocates for improved public and private policies, builds partnerships among professionals and families, and serves as a trusted resource on health care.

The FVND Health Information and Education Center

- Assist families as they navigate public and private systems, including health systems and insurance plans to understand and identify supports.
- Assist families in accessing services and resources for their children on how to partner with providers and caregivers.
- Listen to families as they describe their encounters with systems and help guide them to possible solutions to work with families, health-care providers, public and private agencies, and advocacy or support groups to promote family-centered care and medical homes for children with special health care needs.
- Promote discussion and linkages among families, providers, health plans and government to better serve the health care and related needs of children and families.

North Dakota Parent to Parent

A project of FVND, it is a statewide network of parents supporting families of children with developmental delays, disabilities and special health needs. Trained supporting parents offer emotional support and information and act as a valuable resource to families. They offer assistance in learning the necessary skills to help parents face the challenges of raising their child. They are not counselors or therapists; they are parents who have experienced the feelings and emotions that come after learning that their children have a developmental delay, disability or other special health need. They offer moral support and encourage parents to feel comfortable and optimistic about the future. For more information, call 1.888.522.9654 or visit http://www.fvnd.org/nd_parent_to_parent.

Project Carson

Project Carson's goal is to assure that families receiving a diagnosis, whether it is before or at birth, have access to a support network of parents and organizations that understand the emotions, joys and challenges that come with the word "diagnosis." As a parent-to-parent support program, Project Carson provides emotional and informational support to families of children who have unique needs at birth. The network of experienced parents can help families access supports that may be available. For more information, call 1.888.522.9654 or visit http://www.fvnd.org/project_carson.

Legal Services of North Dakota

Legal Services of North Dakota is a nonprofit organization providing legal assistance in a variety of matters to low income and elderly North Dakotans. Help is available by calling these toll-free numbers:

- **Younger than age 60** call toll-free 1.800.634.5463
Monday, Tuesday and Thursday between 9 a.m. – 3 p.m. CST
- **Age 60+** call toll-free 1.866.621.9886
Monday-Thursday between 8 a.m. – 2 p.m. CST

March of Dimes North Dakota Chapter

March of Dimes North Dakota Chapter
1330 Page Dr., Ste. 102
Fargo, N.D. 58103
Telephone: 701.235.5530
Fax: 701.235.8725
Website: www.marchofdimes.com/northdakota

The mission of the March of Dimes is to improve the health of babies by preventing birth defects, premature birth and infant mortality. We carry out the mission through research, community services, education and advocacy to save babies' lives.

Cinemama: Our iPhone App lets every mom-to-be create her own belly video and share it with others. Cinemama is free and available in the iTunes App store. Cinemamas can also use the App to get weekly pregnancy health tips; record milestones and memories in a pregnancy diary; and share updates and pictures on Facebook.

Coming of the Blessing is an initiative to provide culturally appropriate care for pregnant Native American women. Call 701.235.5530 or see www.comingoftheblessing.com.

Community Grants are available to fund community-based programs that address the health concerns of pregnant women and infants in North Dakota. Contact us for application information.

Shareyourstory.org is an online community for NICU families offering comfort, support and information from others who understand the challenges and uncertainties of the NICU experience.

Peristats is a March of Dimes database for perinatal statistics. Create custom graphs, tables and maps for a variety of uses. For information specific to N.D. and our counties, visit: www.marchofdimes.com/Peristats/ViewSummary.aspx?reg=38&stop=60.

Healthy Babies, Healthy Business is a program for businesses.

Program Components:

- My 9 Months® – No cost, easy to implement, customized online program that provides employees access to wellness information related to preconception, pregnancy and baby care directly from your company's intranet.
- Personal Support – Access to health experts via e-mail and March of Dimes online communities.
- Print and Video – Access to March of Dimes award-winning education products.

For more information, visit: www.marchofdimes.com/hbhb.

Many more educational resources are available at www.marchofdimes.com/catalog.

North Dakota Early Hearing Detection and Intervention (ND EHDI)

ND EHDI

500 University Ave. W.

Minot, N.D. 58707

Telephone: 701.858.3596

Fax: 701.858.3483

Toll-Free: 1.800. 223.1737

TDD: 701.858.3580

Website: www.ndcpd.org/ehdi

ND EHDI is North Dakota's Early Hearing Detection and Intervention Program working to provide hearing screenings to all newborns in the state before hospital discharge and to refer those identified with a hearing loss to appropriate early intervention services.

It is important to the ND EHDI Program that families can find answers regarding their child's hearing loss. ND EHDI has developed several resources for families to use and have compiled outside resources that would be beneficial for families. To see these resources, visit www.ndcpd.org/ehdi/Families.shtml.

North Dakota Hands and Voices

Hands and Voices is dedicated to supporting families with children who are deaf or hard of hearing.

Outreach activities, parent/professional collaboration and advocacy efforts are passed on enabling deaf or hard of hearing children to reach their full potential. For more information, call 701.484.1605 or visit www.handsandvoices.org/chapters/northdakota.htm.

North Dakota State University (NDSU) Extension Service

North Dakota State University (NDSU) Extension Service

Telephone: 701.231.8944
Fax: 701.231.8520
Website: www.ag.ndsu.edu/extension

Purpose: To create learning partnerships that help adults and youth enhance their lives and communities.

Program Priorities:

- Community, Economic Development and Leadership
- Livestock Management
- Farm Business Management
- Crop Management
- Natural Resources Management
- Family Economics
- 4-H Youth Development
- Human Development and Family Science
- Nutrition, Food Safety and Health
- Horticulture and Forestry

4-H Youth Development

4-H provides hands-on, real-life experiences through projects, activities and events. The program is available to all youth and available in every county. 4-H is the largest and the only research-based youth organization in the state.

Parent Education Network

North Dakota State University (NDSU) Extension Service
NDSU Dept. 7000
315 Morrill Hall
Fargo, N.D. 58108-6050
Telephone: 701.231.8944
Fax: 701.231.8520
Website: <http://www.ag.ndsu.edu/pen>

The mission of the North Dakota Parent Education Network is to provide research-based parent education to North Dakota parents.

Parent Resource Centers

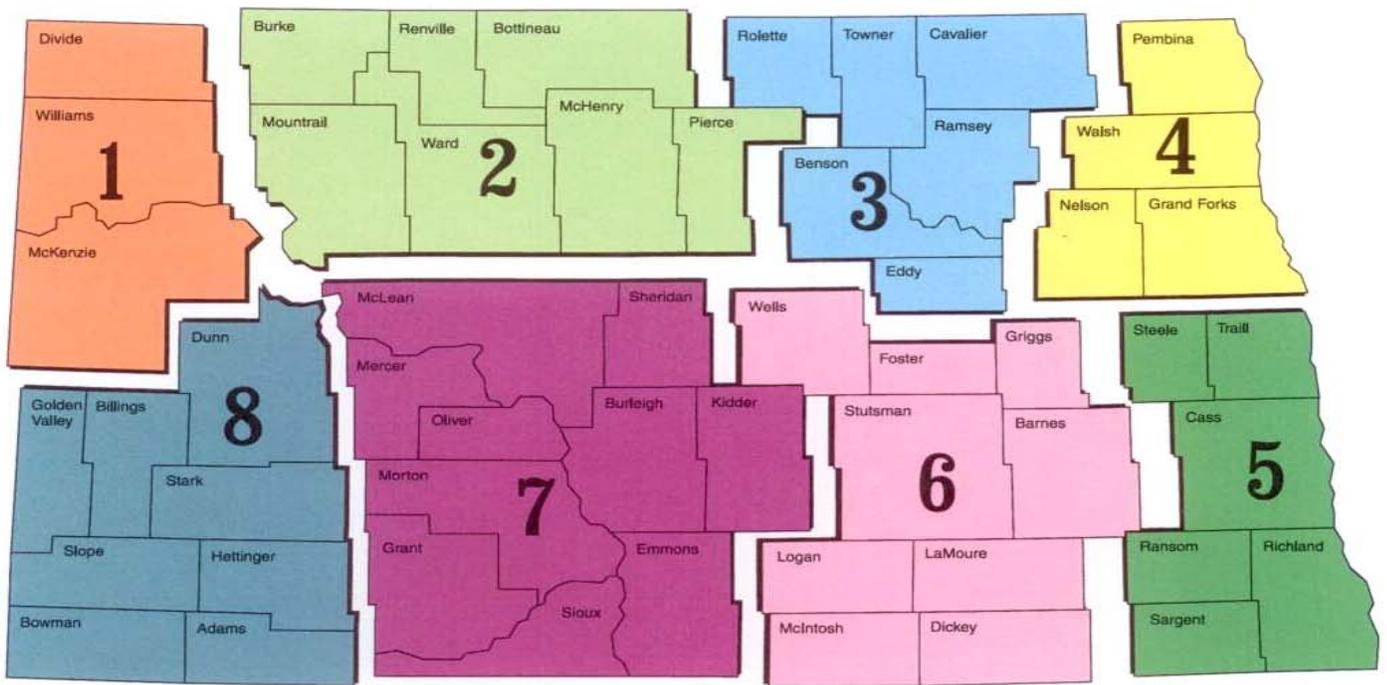

The North Dakota Parent Education Network provides for ongoing training, collaboration, delivery and evaluation of consistent, research-based programming. Initial partners included the North Dakota Department of Human Services - Children and Family Services Division and the NDSU Extension Service. Additional partners vary from region to region, including school districts, Head Start, United Way and the North Dakota Parent Information Resource Center.

The services offered by Parent Resource Centers include:

- Parenting classes designed to assist parents or primary caregivers to strengthen their parenting knowledge and skills, to strengthen families and prevent child abuse neglect.
- Parenting newsletters, which contain topical and timely parenting information, which may be distributed by partnership with the public schools and local agencies.
- A free lending library of parenting-related books, videos, bulletins, cassettes, curriculums, games, pamphlets, children's books, videos and other parenting resources that are available for loan to anyone within the resource center's service region.
- Referral to other agencies within local communities to assist in meeting a family's needs.

Parent Resource Centers are listed on the following page.

Agency Information:

Pathfinder Parent Center is the state's federally funded special and regular education parent training and information resource center. Centrally located statewide, it serves parents of children birth to 26 years and professionals who work with them. The center provides information and education on every aspect of parent involvement in education, special education, the individual education plan (IEP) and 504 processes, and in parenting children and youth with learning challenges. They are also the state's Parent Information and Resource Center (PIRC). We offer a large library that is available statewide through the mail at no cost. Their library contains book, videos and DVDs that focus on education, character education and special education. It is available to families, educators and related service personnel. Visit their websites for complete listings.

Prevent Child Abuse North Dakota is committed to a safe and nurturing environment, free from abuse and neglect, for all children.

They do this through:

- Public awareness and education.
- Training and technical assistance.
- Coordination of services.
- Strategic partnerships.
- Prevention advocacy.
- Community development focused on at-risk children and families.
- Providing brochures and other printed resources.

If you suspect abuse or neglect, contact your local county social services office (see pages 56-59).

There is a protection and advocacy system for people with disabilities in each state and territory. In North Dakota, the organization designated by the governor to serve as the protection and advocacy system is the Protection and Advocacy Project (P&A). P&A is an independent state agency established in 1977 to advance the human and legal rights of people with disabilities. There is no cost for services; however, P&A does implement general eligibility requirements, including that the individual must reside within the state of North Dakota. P&A has eight different advocacy programs that serve individuals with disabilities:

- Developmental Disabilities Advocacy Program
- Mental Health Advocacy Program
- Protection and Advocacy Project for Individual Rights
- Protection and Advocacy for Beneficiaries of Social Securities
- Assistive Technology Advocacy Program
- Help America to Vote Program (HAVA)
- Protection and Advocacy for Individuals with Traumatic Brain Injury
- Client Assistance Program (CAP)

North Dakota Protection and Advocacy Project office locations are listed on the following page.

Ronald McDonald House Charities

Provides a temporary residence for families of pediatric patients near the medical facility where family members can sleep, eat, relax and find support from other families in similar situations. In return, families are asked to make a small donation, but if that isn't possible, the stay is free. Hospital referrals are required for admission.

Pregnancy Services

Alternatives to Abortion Services

Maternity Homes

Optimal Pregnancy Outcome Program (OPOP)

Other Pregnancy Services

Right to Life Association

Targeted Case Management

The Adoption Option

Alternatives to Abortion Services

The North Dakota Legislature directed the Department of Human Services to establish a program offering services to women that provide alternatives to an abortion.

Services Available:

Pregnancy Testing
Counseling
Prenatal Education
Parenting Education
Referrals

Services are provided confidentially by approved organizations across the state.

<http://thedeisionismine.org/>

Bismarck:

Catholic Charities ND

919 S 7th St., Ste. 607
Bismarck, N.D. 58504-5881
Telephone: 701.255.1793
Toll-Free: 1.800.450.4457
Website: www.catholiccharitiesnd.org

Catholic Charities can help women arrange for a pregnancy test; receive counseling on options (parenting, adoption, marriage); obtain individual and/or joint counseling for them and the father of their baby; arrange for peer counseling and support; learn parenting skills; and connect with community resources that are available to them. They also offer guardianship services and Adults Adopting Special Kids (AASK).

FirstChoice Clinic – West

1120 College Dr., Ste. 204
Bismarck, N.D. 58501
Telephone: 701.751.4575
Website: www.firstchoiceclinic.com

FirstChoice Clinic offers caring and confidential services – all provided free of charge.

Services available include pregnancy testing with registered nurses; ultrasound exams; factual information on abortion, pregnancy and adoption; referrals and networking with other community services; educational classes on pregnancy, parenting, baby care, relationships, etc.; adoption awareness classes; fertility care; relationship classes; sexually transmitted diseases (STD) information; and abortion recovery support.

Fargo-Moorhead:**Birthright of Fargo-Moorhead**

715 11th St. N., Ste. 103C
Moorhead, M.N. 56560
Telephone: 218.291.5799

Birthright provides caring, non-judgmental support to girls and women who are distressed by an unplanned pregnancy. Using its own resources and those of the community, Birthright offers positive and loving alternatives. Birthright presents many services and refers for many more. They provide friendship and emotional support, free pregnancy testing, and maternity and baby clothes. They also give information and referrals to help clients meet legal, medical, financial and housing needs.

Catholic Charities N.D.

5201 Bishops Blvd., Ste. B
Fargo, N.D. 58104-7605
Telephone: 701.235.4457

Catholic Charities can help women arrange for a pregnancy test; receive counseling on options (parenting, adoption, marriage); obtain individual and/or joint counseling for them and the father of their baby; arrange for peer counseling and support; learn parenting skills; and connect with community resources that are available to them. They also offer guardianship services and Adults Adopting Special Kids (AASK).

Christian Family Life Services (CFLS)

203 8th St. S.
Fargo, N.D. 58103-1824
Telephone: 701.237.4473

The decision to parent or to place a child for adoption is one of the most important, difficult, and life-changing decisions a birth parent will ever make. The staff of CFLS is dedicated to helping birth parents discern the plan they want to make for their child. When that plan includes adoption, they work to prepare them emotionally, walk them through the adoption process, give them loving and non-judgmental support, offer them quality and well-screened adoptive families from which to choose, and help them create their own unique adoption plan.

Targeted Case Management

Services for High-Risk Women and their Infants Younger than 1 Year of Age

Targeted Case Management
North Dakota Department of Human Services
Medical Services Division
600 E. Boulevard Ave., Dept. 325
Bismarck, N.D. 58505-0250
701.328.2323
E-mail: jmhulm@nd.gov

The North Dakota Medicaid Program pays for nearly a third of deliveries in North Dakota per year. Many of the women involved with these deliveries have risk factors that could result in poor birth outcomes. Also, many Medicaid enrolled women lack the necessary resources to ensure that their newborns receive all the care that is necessary for these infants to reach their full potential.

The provision of the Targeted Case Management service is to assist at-risk pregnant women in their desire to achieve a healthy birth outcome by:

- Reinforcing the need for each woman to receive early, comprehensive and continuous prenatal care;
- Helping each pregnant woman understand her risk factors that could affect birth outcomes and what actions can be taken to lessen those risks; and
- Assisting women in obtaining other necessary support services that will contribute to a healthy birth outcome.

The Adoption Option

The Adoption Option, a partnership between The Village Family Service Center and Lutheran Social Services of North Dakota, offers pregnancy and parenting support services, adoption services and post-adoption search and disclosure services. For more information, visit: www.thevillagefamily.org/adoption3.

Website: www.dpi.state.nd.us/speced1/index.shtm

State and Federal statutes require the Office of Special Education to:

- Prescribe the rules and regulations for special education.
- Assist school districts in the development and administration of special education programs.
- Establish the standards and provide for the approval and certification of schools and facilities.

Special education staff members provide technical assistance on many issues regarding the education of children and youth with disabilities. In addition, they are involved in the continuous improvement monitoring process to ensure that the Individuals with Disabilities Education Act (IDEA) is appropriately implemented in North Dakota schools.

Safe and Healthy Schools

Telephone: 701.328.2753

Fax: 701.328.0206

Website: www.dpi.state.nd.us/health/index.shtm

Safe and Healthy Schools' mission is to promote academic achievement and improved life skills for all students. They work through partnerships to ensure all students are safe with the skills to be healthy, resourceful and engaged in learning. Families, schools and communities support students to have the information needed to nurture their healthy development.

Title I

Telephone: 701.328.2284

Toll-Free: 1.888.605.1951

Fax: 701.328.0203

Website: www.dpi.state.nd.us/title1/index.shtm

Title I of the Elementary and Secondary Education Act provides financial assistance to state and local educational agencies to meet the needs of at-risk children. The goal of Title I is to provide instructional services and activities that support students in meeting the state's challenging performance standards. The program serves children in elementary and secondary schools who have demonstrated that extra assistance is needed. Title I also serves children who attend parochial and private schools.

North Dakota Center for Distance Education

North Dakota Center for Distance Education (ND CDE)

1510 12th Ave. N.

Fargo, N.D. 58105-5036

Telephone: 701.231.6000

Fax: 701.231.6052

Website: www.ndcde.org

ND CDE is North Dakota's digital school. It serves the entire state by offering required, elective, advanced placement, dual credit and credit-recovery courses in a digital/online format. ND CDE ensures that all North Dakota students, grades 6-12, regardless of location, have access to a complete, quality curriculum and highly qualified teachers. ND CDE is authorized to award high school diplomas. ND CDE is AdvancED and North Dakota DPI accredited. ND CDE is governed by the Educational Technology Council and is an agency within the Department of Information Technology.

North Dakota School for the Deaf / Resource Center for Deaf and Hard of Hearing

North Dakota School for the Deaf/Resource Center for Deaf and Hard of Hearing
1401 College Drive N.

Job Service North Dakota's SHARE Network

SHARE Network is a web-based self-help system. This network brings together:

- Workforce development partners.
- Faith-based organizations.
- Community organizations.
- Businesses.
- Government agencies.

SHARE Network consists of:

- Hundreds of service providers.
- Over 100 services ranging from Adult Employment and Training Services to Youth Services.

Use SHARE Network to:

- Link to service provider information including addresses, hours of operation, a list of services offered as well as a point of contact.
- Search statewide, by county or by service provider.
- Create an online referral.
- Print a map to the service provider.

Log on at www.sharenetworknd.org or call a local Job Service Office.

Job Corps is a no cost education and career technical training program administered by the U.S. Department of Labor that helps young people ages 16 to 24 improve the quality of their lives through career technical and academic training. The Quentin N. Burdick Center supports the Job Corps program's mission of teaching eligible young people the skills they need to become employable and independent and placing them in meaningful jobs or further education.

The federally stated purpose of the federal supplemental funds is intended to help the overall goals of the Head Start Collaboration Office, which are to:

1. Assist in building early childhood systems and access to comprehensive services and support for all low-income children;
2. Encourage collaboration between Head Start and other programs and services (including health care, welfare, child care, education, family literacy, community services, services to children with disabilities and homeless children), and;
3. Facilitate the involvement of Head Start in state policies, plans, processes and initiatives affecting the Head Start target population and other low-income families.

The Head Start Collaboration Office is charged with addressing ten priority areas:

- Improve the availability and affordability of quality child care.
- Increase opportunities for children with disabilities.
- Expand partnerships with school systems.
- Promote and support state and local connections that enhance family literacy.
- Promote access to timely health-care services, including general health, oral health, and mental health services.
- Support access to services for children and families experiencing homelessness.
- Collaborate with existing community services activities.
- Encourage and support collaboration with welfare systems (Temporary Assistance for Needy Families [TANF] Program).
- Support career development in early care and education.
- Improve or enhance coordination with child welfare services, including foster care and child protective services.

North Dakota Head Start Association (NDHSA)

NDHSA

1326 1st St. N.

Fargo, N.D. 58102

Telephone: 701.237.6013

Website: www.ndheadstart.com

E-mail: ndhsa@ndheadstart.com

The mission of the NDHSA is to provide leadership through facilitating partnerships that enhance educational and economic progress for children and families.

The NDHSA believes:

- That each child has the basic human right to reach or develop his or her full potential.
- That healthy children develop in the context of healthy families.
- That professional integrity in early care and learning is driven by professional development and mentoring opportunities.
- In empowering parents in taking leadership roles in their communities.
- Their association prospers by working with other agencies toward common goals that assist families with self-sufficiency.
- The association leads best when serving others.

Head Start and Early Head Start

Head Start and Early Head Start are comprehensive child development programs, serving children from birth to age 5 and expectant mothers and families. The overall goal is to increase the social competence of children in low-income families and children with disabilities and improve the chance of success in school.

Early Childhood Development

A variety of learning experiences enhance the intellectual, social and emotional growth of a child. A focus is placed on the community's ethnic and cultural characteristics. Head Start is committed to individualize with the child. At least 10 percent of the enrollment is available to children with disabilities.

Family Services

Information about available community resources and how to obtain and use these resources is given to families. Staff works individually with each family to assist the family in assessing their own needs and providing services to meet their needs. Head Start empowers the family to help themselves.

Health Services

Head Start ensures that all enrolled children have timely immunizations and screenings for cognitive development, speech and language, hearing, vision, and dental health exams and services. Referrals are provided when necessary.

Nutrition education is offered to parents. In addition, experiences are offered to promote positive mental health, improved self-esteem, stress management and personal growth.

Parent and Staff Training Opportunities

Parents and staff are provided with regular training and technical assistance. This improves job performance and provides opportunities for career advancement.

Parent Involvement

Parents are involved in Head Start through parent education classes, program planning and operating activities. Parents serve on the program's policy council and committees, volunteer in the classroom, receive training and financial support for continued education. Parent involvement is a key to Head Start's success recognizing parents as the most important influence on a child's development.

Head Start is a federally funded program under the Administration for Children and Families (ACF) Office of Head Start U.S., under the U.S. Department of Health and Human Services (DHHS).

Representing all community action programs throughout the state.

Services of Community Action

Community Action Agencies (CAAs) are private, nonprofit organizations that operate under the mission of “helping people, changing lives.” Community Action Agencies provide a myriad of services and programs to low-income families and individuals. Services vary according to service areas. Programs are available in every county in the state. Additional information can be located at: www.capnd.org.

Statewide Programs Offered by Community Action Agencies

Energy Assistance Programs:

Cooling Program

Window air conditioning units are provided to households with a verified medical need. Households must be eligible for the Fuel Assistance Program and provide verification of a medical need.

Emergency Furnace Repair and Replacement

Assists households with repair and replacement of unsafe heating systems. Clients must be eligible for Fuel Assistance Program and may be required to contribute a copayment.

Emergency Services

Funds may be provided to income eligible individuals and families needing assistance with first month or past due rent, mortgage assistance, utilities, security and utility deposits, utility disconnect notices, prescriptions, medical needs and transportation (specific services vary among agencies).

Energy Share of North Dakota

A cooperative effort of CAAs in North Dakota, utility companies and private donors to assist with situations when all other resources have been exhausted.

Weatherization

Provides energy conservation services to low-income households to make their homes more energy efficient. Services include insulation; caulking; water heater jackets; pipe insulation; replacing broken windows and doors; and other measures to reduce energy consumption.

Housing Services:

Community Housing Development Organizations (CHDO)

CAAs are nonprofit developers of affordable housing for low-income individuals and can assist with acquisition and rehabilitation of existing rental housing; rehab of existing rental housing owned by another entity; construction of new rental housing; acquisition and rehab of existing housing for sale of first-time homebuyers; and building new housing for sale to first-time homebuyers.

Home/Owner Occupied Rehabilitation

Intended to preserve and extend the life of existing housing in North Dakota. The goal is to provide assistance to low- and moderate-income homeowners in maintaining their homes as safe, sanitary dwellings. Priorities include correcting structural deficiencies, meeting code standards, weatherization and general home improvements.

Supportive Services:

Food and Nutrition

Numerous food pantries are administered and supported by CAAs across the state. Many CAAs house food pantries within their agencies and/or have established pantries throughout their regions. The Emergency Food Assistance Program provides surplus food commodities to food pantries, soup kitchens and homeless shelters.

Individual Development Accounts (IDAs)

IDAs allow participants an opportunity to acquire a lasting asset after saving for an extended period of time. The three eligible assets are college tuition, a first home or small business capitalization. Participants are required to save for at least six months. At the end of the program, every dollar deposited into the IDA by the participant is matched 2:1. In North Dakota, participants are able to save up to \$2,000 for a match of \$4,000.

Self Reliance Program

This program is designed to help individuals and families become economically self-sufficient. A case manager assists program participants on a one-to-one basis in setting goals and achieving them through:

- Identifying and resolving problems.
- Identifying community resources.
- Exploring educational and employment opportunities.
- Evaluating career choices and job-seeking skills.
- Building and improving self-confidence.

Tri-State Help Program

Provides emergency and supportive services to individuals with HIV/AIDS and their families.

Health-Care Coverage Options

Caring for Children

Telephone: 701.277.2227

Toll-Free: 1.800.342.4718

Website: www.ndcaring.org

A benefit program for eligible North Dakota children to age 19 who do not have another source of health-care coverage. The program offers primary medical and dental care as well as mental health and chemical dependency treatment.

Comprehensive Health Association of ND (CHAND)

Telephone: 701.277.2271

Toll-Free: 1.800.737.0016

Website: www.chand.org

Provides comprehensive health insurance to residents of the state either who are unable to find adequate health insurance coverage in the private market due to medical conditions or who have lost their employer-sponsored group health insurance.

Children's Special Health Services (CSHS) Specialty Care and Diagnostic and Treatment Program

North Dakota Department of Health

Telephone: 701.328.2436

Toll-Free: 1.800.755.2714

Website: www.ndhealth.gov/csbs

Helps families pay for medical services to diagnose and treat children with eligible medical conditions from birth to age 21.

Healthy Steps (CHIP – Children's Health Insurance Program)

North Dakota Department of Human Services

Toll-Free: 1.877.KIDS.NOW (1.877.543.7669)

Website: www.nd.gov/dhs/

A benefit program for eligible North Dakota children to age 19 who do not have a source of health-care coverage. The program offers comprehensive medical, dental and vision coverage.

North Dakota Health Tracks

North Dakota Department of Human Services

Telephone: 701.328.2321

Toll-Free: 1.800.755.2604

Website: www.nd.gov/dhs/

A preventive health program that is free for children ages birth to 21 who are eligible for Medicaid. Health Tracks pays for screenings, diagnosis and treatment services to help prevent health problems from occurring or help keep health problems from becoming worse. Health Tracks also pays for orthodontics (teeth braces), glasses, hearing aids, vaccinations, counseling and other important health services. For more information or to schedule an appointment, contact a local county social services office or local public health unit.

North Dakota Medicaid Program

North Dakota Department of Human Services

Telephone: 701.328.2321

Toll-Free: 1.800.755.2604

Website: www.nd.gov/dhs/

Provides comprehensive medical, dental and vision coverage to North Dakota children and adults.

People can apply online at www.nd.gov/dhs/info/pubs/application.html or contact a county social services office.

Dental Assistance

Jerene's Wish

Telephone: 701.255.1311

Website: www.warfordorthodontics.com/jerenes-wish

A Warford Orthodontics program located in Bismarck that provides orthodontic treatment at a minimal cost to eligible children.

North Dakota Donated Dental Services

Toll-Free: 1.877.449.4109

Website: www.nfdh.org

A network of volunteer dentists who provide dental care to the state's most vulnerable people: disabled, elderly or medically compromised individuals who cannot afford necessary treatment nor get public aid.

Ronald McDonald Care Mobile

Website: www.rmhcbismarck.org/caremobile

A mobile dental clinic on wheels that delivers urgently needed dental care to underserved children birth through age 21 in their own neighborhood in the western half of North Dakota. The Care Mobile treats children who do not have a regular dentist and who have not seen a dentist within the past two years.

Safety Net Dental Clinics

These clinics see patients who do not have other access to dental care. The patients typically are covered by Medicaid or the clinic offers sliding fee schedules or reduced fees.

Bridging the Dental Gap

Serving the Bismarck-Mandan area

Telephone: 701.221.0518

Website: www.bridgingthedentalgap.org

Red River Valley Dental Access Project

Urgent care/walk-in care in Fargo-Moorhead

Telephone: 701.364.5364

Website: www.rrdentalaccess.com

Family Healthcare Center Dental Clinic

Serving the Fargo Red River Valley Region

Telephone: 701.271.3332

Website:

www.famhealthcare.org/services/dental.html

Valley Community Health Center Dental Clinic

Serving the northern Red River Valley area

Telephone: 701.757.2100

Website: www.valleychc.org

Northland Community Health Center Dental Clinic

Serving central North Dakota

Telephone: 701.448.9111

Website: www.northlandchc.org

Smiles Change Lives

Telephone: 1.888.900.3554

Website: www.smileschangelives.org

Promotes and provides access to essential orthodontic treatment for children from low-income families.

Prescription Coverage

Needy Meds

Website: www.needymeds.org

Offers a database of medications that can be obtained free or at low cost by uninsured, low-income patients, usually through manufacturer programs.

North Dakota Prescription Drug Repository Program

Collects and distributes donated medications from hospitals, hospices and other facilities so that pharmacies and physicians can dispense them to those who struggle paying for prescriptions regardless of insurance coverage. The medications and supplies are unopened and secured. For more information, ask a pharmacist, or go to: www.nodakpharmacy.com/PDRP-index.asp.

Partnership for Prescription Assistance

Telephone: 1.888.477.2669

Website: www.pparx.org

Offers a single point of access to more than 475 public and private patient assistance programs. It is funded by pharmaceutical companies.

Prescription Connection for ND

Toll-Free: 1.888.575.6611

Website: www.rxconnectnd.org

A program of the North Dakota Insurance Department that connects kids and families with free and discounted prescription drugs direct from the pharmaceutical manufacturer.

RX Assist

Telephone: 401.729.3284

Website: www.rxassist.org

Provides consumer information, resources, news and a directory of patient assistance programs that offer affordable or free medications.

Vision Coverage

InfantSee

Telephone: 1.888.396.3937

Website: www.infantsee.org

A public health program designed to ensure early detection of eye conditions in babies. Member optometrists provide a comprehensive eye and vision assessment for infants within the first year of life regardless of a family's income or access to insurance coverage.

New Eyes for the Needy

Telephone: 1.973.376.4903

Website: www.neweyesforheneedy.org

Provides vouchers for the purchase of new prescription eyeglasses.

Vision USA

Telephone: 701.258.6766

Website: www.aoa.org/visionusa.xml

Provides comprehensive eye exams to qualifying children and adults.

VSP Sight for Students

Toll-Free: 1.800.877.7195

Website: www.sightforstudents.org

VSP is a charity that provides free vision exams and glasses to low-income, uninsured children.

Hospital Nursery Information

Nurseries are categorized by different levels:

Nursery: Normal newborn infants only.

Level I and II NICU: Neonatal intensive care unit (NICU) takes care of moderately ill or recuperating infants who are over their acute phase of illness.

Level III NICU: A NICU that has the ability to care for the most complex and severely ill babies. The types of infants treated in Level II and Level III NICUs often overlap and are inconsistent from region to region. Babies treated in a Level III NICU are sometimes transported to a Level II NICU for further care, if the location is more convenient for the parents.

Bismarck	<i>Level III</i>	701.323.6000	Sanford Bismarck	300 N. 7 th St.	58501
	<i>Level III</i>	701.530.7000	St Alexius Medical Center	900 E. Broadway	58501
